**FORM 5 (Rule 5)**

**Section 8 of Care of Cathedrals Measure 2011**

**Notice of Decision of Fabric Advisory Committee**

**TAKE NOTICE** that the Chapter of the Cathedral Church of:

| The Cathedral and Metropolitical Church of St Peter in York |

**applied on** *insert date*

| 15th November 2022 |

**for approval of the following proposal: complete as on Form 3**

| To add hoarding to the west side of the North Transept compound |

**Summary of the nature of work and its extent (and materials) [or in the case of an object, a short description of it and details of the proposal]**

The application to add hoarding to the North Transept compound follows CFCE’s approval to use the North Transept as a temporary storage space to 31st December 2030.

Although the area is secure because of the existing fixed railings of St John’s Chapel, installing ply hoarding to the west side of the Chapel would reduce visual clutter and mean the chapel feels peaceful. There is also a security benefit to screening the storage area from public view.

The ply will be painted stone-coloured to the least visual disturbance.

**Representations**

**Representations in writing in respect of the above proposal were received from:** list any statutory consultees and other bodies and give total number of representations from members of the public
