Summary of the nature of work and its extent (and materials) [or in the case of an object, a short description of it and details of the proposal]

The application from The Belfrey seeks permission to put up hoardings that enclose each side of the church building and the forecourt at the west end which includes Minster land. In very early discussions with the Minster, The Belfrey and LDN Architects, the most suitable place for a construction compound was at the west end. FAC is asked to approve the design principles for the hoardings for a temporary period of 36 months and give full consent for a new permanent noticeboard.
