FORM 5 (Rule 5)

Section 8 of Care of Cathedrals Measure 2011
Notice of Decision of Fabric Advisory Committee

TAKE NOTICE that the Chapter of the Cathedral Church of:

| The Cathedral and Metropolitical Church of St Peter in York |

applied on insert date

| 1st December 2023 |

for approval of the following proposal: complete as on Form 3

| For the construction and installation of covers over the radiators and heated pipes on the north wall of St Stephen’s Chapel for up to 3 years (December 2026). |

Summary of the nature of work and its extent (and materials) [or in the case of an object, a short description of it and details of the proposal]

| St Stephen’s Chapel is being used as a base for learning activities. However, the cast iron radiators have been identified as a health and safety risk as the temperature of the radiators and pipes cannot be controlled. Wooden covers have therefore been proposed. The work would be carried out by Chapter’s own joiners, in a style sympathetic with other woodwork on the Minster floor, using oak with pressed brass grills similar to the work carried out at the organ console. All work would be freestanding and removable. |

Representations
Representations in writing in respect of the above proposal were received from: list any statutory consultees and other bodies and give total number of representations from members of the public

| Historic England – no comment |
| SPAB – no comment |
| Victorian Society – no comment |
Decision
At a meeting of the Fabric Advisory Committee held on:

7th December 2023

the above proposal and representations were considered and the Committee decided to:

3. Refuse to give approval to the proposal for the following reasons:

| Concerns over the effectiveness of the design and its visual impact. An options appraisal would be carried out and submitted for consideration at a further meeting. |

Signed

Secretary of the Fabric Advisory Committee

Dated: 8th January 2024
