FORM 9 (Rule 7)

Section 9 of Care of Cathedrals Measure 2011
Public Notice on application to the Cathedrals Fabric Commission

PUBLIC NOTICE

TAKE NOTICE that the Chapter of the Cathedral Church of:

The Cathedral and Metropolitical Church of St Peter in York

has on this date: 10th April 2024

applied to the Cathedrals Fabric Commission for approval of the following proposal:

complete as on Form 8

Retrospective permission to keep in place a temporary ramp from the north quire aisle into the first level of the quire from now until 3 months after the completion of a permanent stone ramp.

Summary of the nature of work and its extent (and materials) [or in the case of an object, a short description of it and details of the proposal]

As part of the enabling works for the York Minster organ project in 2018, the temporary ramp from the crossing into the well of the quire was removed, and a temporary ramp to provide step free access from the north quire aisle put in place instead. When the organ project was completed in 2021, the north quire aisle ramp was left in place.

Recently, the temporary ramp from the crossing into the well of the quire has been reinstated, to facilitate access whilst a permanent solution is brought forward. Pre-application advice on the permanent solution has been sought, and initial designs are being developed. It is anticipated that a permanent stone ramp would be in place by the end of 2025.

During the construction process for the permanent ramp, the temporary ramp from the crossing into the well of the quire will be removed. At this point, the temporary ramp from the north quire aisle will be the only means of step free access into the quire. At its meeting on 14th March 2024 therefore, FAC agreed that this ramp should be kept in place and expressed its support for a retrospective application to CFCE to approve this, with an end date of no more than 3 months after the completion of the permanent stone ramp.
